Théotime Fitzgérald Augustin CHOGNIKA

Software Engineering Student

With extensive experience in web and mobile development, I have developed solid expertise in designing interactive interfaces and managing relational and NoSQL databases. Curious and data-driven, I am also interested in data analysis and business intelligence in order to transform data into decision-making tools. I am looking to join an innovative team where I can contribute to ambitious projects and continue to grow.

Education

Professional Master's in Software Engineering

From 2023 to 2025 Institut Supérieur d'Informatique Dakar, DK, Senegal
